We'll include a few 'super premium' teas that most people would otherwise never try due to their high price tag. You can look at it as a *Tea Curriculum*, a fun and easy way to learn about tea.

Many people don't know where to start when selecting tea. A vast array of choices, exotic names without direct English associations and initially confusing classifications can be serious obstacles for beginners. We will take the burden of choice off your shoulders and select great teas for you! Our monthly selections will either help you on your first steps into the complex world of tea or serve the seasoned tea enthusiasts to broaden their knowledge by introducing them to new varieties.

Every monthly shipment will include:

- ☛ **Enough tea to get you through the entire month** (1 ounce equals over 30 cups of tea)
